

ENCAPSULATION CARPET CLEANING SOLUTIONS

Advanced technology. Quick drying time. Proven results.

Tsebo's specialised encapsulation carpet cleaning solution provides a cost-effective, low moisture clean in environments that need a quick return to service.

THE CHALLENGE

Carpets in high-traffic hospitality or office environments trap a lot of dust and dirt that can not only damage the structure of the carpet over time but quickly become smelly and grubby.

The need for daily foot traffic across these environments does not allow the luxury of time for moisture-intense carpet cleaning that takes extended drying periods. Certain carpets and non-colourfast rugs should never be washed with water as this will leach colour and damage the structure of the carpet.

OUR SOLUTION

Tsebo's encapsulation carpet cleaning solution uses low-moisture chemicals that are released via a sprayer and surround and trap the dirt for removal by vacuuming.

Unlike cleaning methods that use water to loosen the dirt, the encapsulation method makes use of a specialised machine that agitates the fibres of the carpet to release the dirt for encapsulation. The chemical solution is left to dry before vacuuming.

Cleaning and hygiene beyond the obvious

“

Partner with the winner of **6 Diamond Arrow and 2 Golden Arrow PMR.africa awards** across 8 sectors.

”

THE BENEFITS

- ✓ **Quick drying time.** Drying from 20 to 40 minutes allows quick, effective cleaning over large, carpeted areas.
- ✓ **No wicking or re-soiling.** Water treatment in carpets can trap dirt at the base, leading to unsightly stains as it evaporates (wicking). Encapsulation saturates fibers to trap dirt, which is then vacuumed away, ensuring thorough cleaning.
- ✓ **Improved carpet appearance.** Regularly cleaning using the encapsulation method increases the longevity of carpets and improves their appearance by preventing the build-up of sticky residue and dirt.
- ✓ **Odour control.** The encapsulation method leaves carpets smelling fresh and clean.
- ✓ **Safe.** Can be used on all carpet types
- ✓ **Cost-effective solution.** Increases the longevity of carpets

When you choose Tsebo Cleaning and Hygiene Solutions you will always have complete peace of mind.
