

HEALTHCARE HYGIENE WITH CONFIDENCE

Scientific approach. Global best practice. Risk reduction.

Tsebo Hygiene Solutions applies the best skills and technology and focus on the prevention of cross contamination, thereby promoting the wellbeing of everybody in the healthcare sector. We call this the Science of Cleaning and Hygiene.

THE CHALLENGE

Healthcare facilities are highly specialised, high-risk environments. Each area is classified depending on its level of priority and requires a *hygiene solution that meets its specific needs, with infection control and prevention as a primary focus*. Internally and externally clients have varied expectations of hygienic standards that directly affect their overall healthcare experience.

When partnering with Tsebo Hygiene Solutions, expect top-grade hygiene equipment to maintain standards. Our supervisors conduct daily quality checks to ensure adherence to strict procedures and preventive measures. We prioritize continuous growth and development of our staff to enhance customer experience.
